2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and
- since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and
- since the government is attempting, by all means possible, to curb health care spending; and
- since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;
- therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.
37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.
39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.
40. Mr O'Connor - Resolution - That, in the opinion of this House, since more than 4,000 chemicals have been identified in tobacco smoke such as nicotine, carbon monoxide, arsenic, benzene, hydrogen cyanide, and formaldehyde, and many of these 4,000 chemicals are known to cause cancer and other diseases when they enter the body by way of smoking and inhaling environmental tobacco smoke, the Assembly calls upon the Liberal government of Canada to enact measures requiring tobacco companies and cigarette manufacturers to make available to the public a list of the gaseous or particle by-products released by tobacco when lit or smoked, and that the federal government should require that the chemicals in cigarette smoke most harmful to health be listed on tobacco product packaging, and that similarly the chemicals released in smokeless tobacco and absorbed by the body are identified on packaging of chewing tobacco and moist snuff. STANDING ORDER 43(a)**

CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.

40. Mr O'Connor - Resolution - That, in the opinion of this House, since more than 4,000 chemicals have been identified in tobacco smoke such as nicotine, carbon monoxide, arsenic, benzene, hydrogen cyanide, and formaldehyde, and many of these 4,000 chemicals are known to cause cancer and other diseases when they enter the body by way of smoking and inhaling environmental tobacco smoke, the Assembly calls upon the Liberal government of Canada to enact measures requiring tobacco companies and cigarette manufacturers to make available to the public a list of the gaseous or particle by-products released by tobacco when lit or smoked, and that the federal government should require that the chemicals in cigarette smoke most harmful to health be listed on tobacco product packaging, and that similarly the chemicals released in smokeless tobacco and absorbed by the body are identified on packaging of chewing tobacco and moist snuff. 2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.

40. Mr O'Connor - Resolution - That, in the opinion of this House, since more than 4,000 chemicals have been identified in tobacco smoke such as nicotine, carbon monoxide, arsenic, benzene, hydrogen cyanide, and formaldehyde, and many of these 4,000 chemicals are known to cause cancer and other diseases when they enter the body by way of smoking and inhaling environmental tobacco smoke, the Assembly calls upon the Liberal government of Canada to enact measures requiring tobacco companies and cigarette manufacturers to make available to the public a list of the gaseous or particle by-products released by tobacco when lit or smoked, and that the federal government should require that the chemicals in cigarette smoke most harmful to health be listed on tobacco product packaging, and that similarly the chemicals released in smokeless tobacco and absorbed by the body are identified on packaging of chewing tobacco and moist snuff. April 20, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

**NOTICES****GOVERNMENT NOTICES OF  
MOTIONS****AVIS****AVIS DE MOTIONS DU  
GOUVERNEMENT**

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Mr Laughren - Resolution - That this House approves in general the Budgetary Policy of the Government (1994). April 28, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
  2. There must be no fiscal offloading from the federal government to the Provinces.
  3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
  4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
  5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

NOTICE OF MOTION PURSUANT TO  
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.

40. Debated April 28, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

**NOTICES****AVIS****GOVERNMENT NOTICES OF  
MOTIONS****AVIS DE MOTIONS DU  
GOUVERNEMENT**

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Mr Laughren - Resolution - That this House approves in general the Budgetary Policy of the Government (1994). April 28, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
2. There must be no fiscal offloading from the federal government to the Provinces.
3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

**NOTICES****GOVERNMENT NOTICES OF  
MOTIONS****AVIS****AVIS DE MOTIONS DU  
GOUVERNEMENT**

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Mr Laughren - Resolution - That this House approves in general the Budgetary Policy of the Government (1994). April 28, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
  2. There must be no fiscal offloading from the federal government to the Provinces.
  3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
  4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
  5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

NOTICE OF MOTION PURSUANT TO  
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Mr Hodgson - Resolution - That, in the opinion of this House, recognizing that all first-time hunters since 1960 have successfully completed the Hunter Education Course, which includes safe firearm handling procedures, the government of Ontario should automatically grant a Firearms Acquisition Certificate to people who have successfully completed that course and to those who have demonstrated a solid safety record through many years of shooting experience. April 19, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

GOUVERNEMENT**

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Mr Laughren - Resolution - That this House approves in general the Budgetary Policy of the Government (1994). April 28, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
2. There must be no fiscal offloading from the federal government to the Provinces.
3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

39. Debated May 4, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Budget Motion (1994). Debated May 5, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
2. There must be no fiscal offloading from the federal government to the Provinces.
3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Budget Motion (1994). Debated May 5, 9, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
2. There must be no fiscal offloading from the federal government to the Provinces.
3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

NOTICE OF MOTION PURSUANT TO  
STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

**PRIVATE MEMBERS' NOTICES OF  
MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment.  
July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathysen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.

1. Budget Motion. Debated May 19, 20, 31, 1993.
26. Budget Motion (1994). Debated May 5, 9, 10, 1994.
27. Mr Rae - Resolution - This House resolves as follows:

that

Ontario is committed to a major reform of our social security system.

But this House believes that unilateral changes to Canada's network of social programmes, most of which are matters either of exclusive provincial jurisdiction or are under shared federal-provincial jurisdiction, are not compatible with cooperative federalism.

Further, this House accepts, on behalf of the people of Ontario, the responsibility under the Equalization programme, as set out in Section 36(2) of the Constitution Act of Canada, to share our wealth with other Canadians. But we insist upon the right of Ontarians to a fair share of federal expenditure, which residents of Ontario do not now receive.

Therefore this House insists that the process of reform for Canada's social and labour market programmes must be based on the following five principles:

1. Ontario supports the need for change and improvement in our social programmes and in the fiscal and practical arrangements between the two levels of government. This reform should focus upon work, training, and the needs of children.
2. There must be no fiscal offloading from the federal government to the Provinces.
3. There must be no discriminatory treatment against Canadians living in Ontario, and the existing discrimination must stop.
4. Any reform must reinforce, and not undermine, Canada's record as a compassionate society.
5. Any reform must be the product of genuine federal-provincial negotiations, and joint decision-making, and not the result of unilateral federal action. April 28, 1994.

28. Mr Charlton - Resolution - That an humble Address be presented to the Lieutenant Governor in Council as follows:-

"To the Lieutenant Governor in Council:-

We, Her Majesty's most dutiful and loyal subjects, the Legislative Assembly of the Province of Ontario, now assembled, request the appointment of Eva Ligeti as Environmental Commissioner for the Province of Ontario, as provided in section 49 of the Environmental Bill of Rights, 1993, to hold office under the terms and conditions of the said Act."

And, That the Address be engrossed and presented to the Lieutenant Governor in Council by the Speaker. May 10, 1994.

STANDING ORDER 43(a)**

**AVIS DE MOTION DE CENSURE  
CONFORMÉMENT À L'ARTICLE  
43(a) DU RÈGLEMENT**

2. Mrs McLeod - Whereas the Provincial Auditor has failed to give the financial statements of the Province of Ontario his absolute approval and could only give the statements a "qualified" approval, the first time such a negative opinion has ever been presented by the Auditor concerning the financial statements of the province;

And whereas the Provincial Auditor has stated that the NDP government deliberately understated the 1992-93 deficit by delaying its annual contribution of \$528 million to the Teacher's Pension fund;

And whereas the Provincial Auditor has stated that the NDP government has under-reported the province's deficit by \$1.5 billion over the past three years because of the use of deceptive bookkeeping practices, such as the extensive use of pre-flow expense payments;

And whereas the deficit is already \$500 million higher than the Finance Minister originally estimated in his 1993-94 budget;

And whereas credit rating agencies in the United States and Canada have warned that Ontario will face a downgrade of its credit rating if the provincial deficit rises above \$10 billion;

And whereas the Provincial Auditor's reservations about the accounting practices of the Province of Ontario in the maintenance of its financial statements have thrown the integrity of the province's fiscal situation into doubt in the mind of the public;

And whereas the NDP has undertaken to make "integrity in government" the centre of an NDP administration and made specific reference to that undertaking in the first speech from the Throne;

And whereas the Liberal Caucus believes that the NDP government has shown, by its financial incompetence, that it is not fit to govern this province; therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. October 27, 1993.

MOTIONS**

**AVIS DE MOTIONS DES  
DÉPUTÉS**

20. Mr Wilson (Simcoe West) - Resolution - That, in the opinion of this House, since this Government has allocated \$647 million to the reform of long-term care services and of these funds \$150 million is coming from increased user fees to residents in long-term care facilities with the result being that many seniors, on limited incomes, will be faced with rate increases of approximately 32 percent effective immediately; and

since this Government is expected to flow the remaining \$497 million over the next four years, while residents in long-term care facilities are being forced to shoulder this 32 percent increase in year one;

therefore, the Government of Ontario should amend Bill 101, An Act to amend certain Acts concerning Long-Term Care, to ensure this increase is phased-in over the next four years, or over the time it takes the Government to complete its funding commitment. July 13, 1993.

21. Mr Mammoliti - Resolution - That, in the opinion of this House, recognizing that people are concerned about the costliness and complexity of local government, the Government of Ontario should reiterate its commitment to strong, accountable, open and accessible local government and move to implement the draft legislation package OPEN LOCAL GOVERNMENT, and further, the Government of Ontario should set up a task force to study an efficient and unified form of local government for Metropolitan Toronto. July 20, 1993.

22. Mrs Mathyssen - Resolution - That, in the opinion of this House, since the Canadian magazine industry is seriously threatened by the current editorial dumping of "split-run" foreign periodicals in which advertising directed at Canadians is placed only in copies circulated in Canada; and

since foreign magazines have already recovered their editorial costs in their home markets; and

since such practises have led to discounted ad pricing, with low rates that Canadian magazines cannot match because of the costs of writing, illustration, photography and design for their content in Canada,

therefore, this House urges the Government of Ontario to support investment and growth of the Canadian magazine industry by calling upon the federal Conservative government to end "split-run" editions by vigorously enforcing current legislation which prevents "editorial dumping"; and to quickly act on the interim recommendations of the Task Force on the Canadian Magazine Industry to have any investment in magazines by a non-Canadian subject to review by Investment Canada. July 21, 1993.

23. Mr Runciman - Resolution - That, in the opinion of this House, since Ontario doctors bill the Ontario Health Insurance Plan about \$5 billion each year; and

since the cost of health care now consumes \$17 billion a year or a full third of the provincial budget; and

since the government is attempting, by all means possible, to curb health care spending; and

since 1971 the State of New York has implemented a very successful program whereby licensed practitioners are assisted by "physician assistants" who are trained to perform approximately 70 percent of the clinical procedures routinely performed by licensed general practitioners for approximately half the annual salary of licensed practitioners;

therefore, the Minister of Health should develop and introduce in this House amendments to the Regulated Health Professions Act, 1991 and other legislation as is necessary to establish the regulated health profession for Physician Assistants. July 28, 1993.

37. Mrs Sullivan - Resolution - That, in the opinion of this House, an Ontario Health Research Council should be established at the earliest possible opportunity as a Crown Corporation, with an independent Board of Directors, reporting to the legislature through the Minister of Health. The council would develop a strategic approach, set priorities, guide, co-ordinate and develop health research in Ontario, encourage public and private sector co-operation in health research, stimulate technology transfer and development, and allocate public funds to health research projects. The council would incorporate multidisciplinary evaluative research, health systems research, disease-related research in its mandate, and would communicate information about the results of research between the research community and the general public. March 28, 1994.

41. Mr Cousens - Resolution - That, in the opinion of this House, recognizing that recall provides citizens with the opportunity to exercise accountability over their elected officials, and

since other jurisdictions in Canada are exploring the recall option in their provincial legislatures, and

since evidence from other jurisdictions outside of Canada indicates that recall is rarely abused, and

since the recall process should explore the ethical criteria for recall of an elected officer, and

that the process in which to initiate the recall process may involve a review of several checks and balances that could be ascertained by further guidance from legislative officials and the public,

the Standing Committee on the Legislative Assembly be required to develop a recall process for consideration by the Legislature and to present their recommendations and options to the Legislative Assembly by the Spring Session in 1995. April 27, 1994.
